'Presence'

Lyric Book

ST PAUL'S EALING

Hearts

John Murphy

God of all forgiveness
There's no gift that we can bring
Worthy of Your name
You know our every journey
Where it ends and it begins
Your compassion always wins

So we're coming back to You
Just as broken as we are
Set our very souls to dancing once again

Deep inside these hearts now how can we
Ever forget all You've done and You're yet to do?
With the voices You have given us
How can we not declare Your praise
You alone can bring us up again
Into the strength for each day and a future hope
Surely You will lift us back to You
Deep inside these hearts, inside these hearts

God of loving kindness
There's no song that we could sing
Worthy of this love
So we'll bring our lives to You
Just as grateful as we are
Set our very souls to singing once again

God of all, God forever
You are good, you are faithful

The Presence of My King

David Grout

My heart rejoices in, the presence of my King
There's no one like You God,
You are Immanuel - beginning to the end

I'm overwhelmed to see that You chase after me
So I will never fear;
Cause Jesus are always near
You are always near

You are Sovereign over all things
Your presence never fades
Your Kingdom, we welcome
Reveal to us Your way

Your love like rain it pours to satisfy my soul
So how could I refuse to let this love be known
to all the earth?

On earth as in heaven, You reign

Your Love

John Murphy

Maker of the heavens all around
Author of creation come to rescue us
There is not a thing that You can't do
Yet You choose to draw us near to You
And more than I know
Your love will never let me go

It's Your love, it's Your love,
as wide as the open sky
It's Your love, it's Your love,
as clear as a star in the night
It's Your love

Maker of the earth unbound by time
Powerful enough to make a way for us
Passionately angels cry Your name
But Jesus, You have washed away my shame
And more than I know
Your love will never let me go

It's Your love, it's Your love,
as wide as the open sky
It's Your love, it's Your love,
as clear as a star in the night
Oh it's Your love, it's Your love,
deeper than all of our pain
It's Your love, it's Your love,
stronger than every chain

And more than I know
Your love will never let me go

Your love will never let me go

The Same Hands

Emily Plummer & David Grout

The same hands that put the stars in the sky
Are the hands that took those nails on the tree
And the hands that lay me down in green pastures
Are the hands that cradle me

The same hands that formed all Your creation
Are the hands that healed the blind man to see
And the hands that rescue all of Your people
Are the hands that hold onto me

For my name is written on Your hands,
I'm the apple of Your eye,
You're the Author of my life
Forever more,
I'll marvel at Your hands,
Your never failing plans,
You're the Author of my life
You're the Author of my life

The Rock

Janet O'Doherty & John Murphy

My voice will sing of Your unfailing love
My heart will know that You are good, You are good
My soul will wait and I will trust in You
My eyes will look to You alone, You alone

I long to know You here with me
And when I'm overwhelmed
Lead me to the rock that is higher than I
Lead me to the rock that is higher than I

My voice will sing of Your unfailing love
My heart will know that You are good, You are good
My soul will wait and be restored in You
My eyes will look to You alone, You alone

For You have been my shelter and my defender

You will be my shelter and my defender

Restore my soul
Renew my mind
And I will sing Your glory

May My Heart

John Murphy

May my heart, be set and sure
Let it endure, for only You
May my soul, unshaken be
Eternally, aligned with You

Come take away distraction
Take my every fear
Come reawaken me
For You are God and You are here

May my heart, be fast and strong
And fixed upon, this life with You

May my heart, be set and sure
For You are pure, and You stay true
Let my song, unshaken be
A melody, in tune with You

Come take away distraction
Take my every fear
Come reawaken me
For You are God and You are here

May my heart, till this life is gone
Be fixed upon, this love for You

Great is Your Faithful Love

David Grout

Great is Your faithful love
It's new every morning
Great is Your mercy
it never ends

There's nothing You don't see
From You nothing's hidden
Through every season
How I depend on You

In every way, You're perfect and You're good

You're all sufficient
Mighty One
Restorer of my brokenness
You're the Rock of Ages
God with us
Always present and always faithful

In every way, You are perfect
In every way, You are good

Release in Me

John Murphy & Tom Green

Release in me
A fire that burns
A soul that sings
A heart that yearns

Release in me
A trust that grows
A faith that seeks
A love that shows
Your life ablaze in me
A path that lights the way
Your truth that sets me free
And let my every breath

Praise, praise your mighty name
Release in me a revelation
Holy holy is your mighty name
As long as I live I will worship
Release in me a confidence to
Praise, praise, praise your mighty name

All of heaven sings
Hallelujah, hallelujah
All the earth will respond

Hallelujah to your name

Holy Spirit Come

David Grout

Holy Spirit come
Like a springtime breeze
Creator, breathe Your life into my soul again
I know You are here
I know You are here

Spirit move in power
Restore our hearts and minds
Breathe life into our dry bones again
We know You are here
We know You are here

Holy Spirit draw close again
Come in power
Holy Spirit Shepherd of my soul
Have Your way in us

Answers

John Murphy

You called the sun to shine
And laid the foundations of the earth
While angels and stars declared
Your power and Your perfect, endless worth
All of heaven's in Your hands
Not a thing can shake Your plans

You hold the answers, Lord
Nothing's impossible in Your pre-cious Name
You hold the answers, Lord
I know that I can rely on You

You lift my head to see
You're bigger than life, stronger than death
Though I only see in part
I know I can trust You with each breath
Every moment's in Your hands
Not a thing can shake Your plans

I don't have to live by rumours now,
You hold my life
I know who you are, You have my heart,
You hold my life

Bright Morning Star

David Grout

Your love is ablaze
Your heartbeat is constant
An unending flame
The life line of ages

Oh Bright Morning Star
How you've guided me
Through the night
Living Spirit invade
You are my hope & my anchor

So come and have your way
Come and transform me
To be made more like you
For your kingdom breakthrough

As your presence floods this place
We want to see the change
Flood the nations of this earth
As your glory fills the skies
The angel's anthem cries
Your will be done: 'He's coming soon!'

Victory

David Grout & Jonah Maloney

You drew me out of deep waters
You rescued me from my enemies

Lifted out of the darkness
Now I'm living in Your Glory

Your right hand sustains me
You provide the path for my feet

It is done
You have reached out for me
Love unfailing
Now I live in Your victory
I live in Your victory

In Your eyes I am blameless
In You I am as white as snow
You're the Light in the darkness
And I'm living for Your Glory

You rescued me
It's freedom that we sing
We're echoing
The sounds of heaven's hymns

You rescued me
I'm free upon your wings
This joy resounds
From the rooftops we will sing

Credits
